California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

Our school is dedicated to preparing all of our students for college success. Everything about GSP— from the college flags in our hallway to our data-driven rigorous instruction — is designed to put our students on the road to a four-year degree. Helping our students realize the college dream is a challenge that requires the hard work of every member of our school family: our students love learning and achieve amazing results; our staff is the hardest-working group of professionals in the business; our parents and families are involved in supporting every aspect of our college-going culture; and our community partners, volunteers and supporters enable us to meet the unique needs of our students and our community.

School Description and Mission Statement (School Year 2017-18)

English and Spanish SARCs can be found on the [schools website](#).

Aspire Golden State College Preparatory Academy is a 6-12th grade school in Oakland that is part of the Aspire Public Schools network. Golden State College Preparatory Academy opened in 2007.

Aspire Public Schools is a non-profit organization that operates high performing charter schools across the state of California that focus on one goal- preparing urban students for college.

Vision

Every student is prepared to earn a college degree.

Mission Statement

To open and operate small, high-quality charter schools in low-income neighborhoods, in order to:

- Increase the academic performance of underserved students
- Develop effective educators
- Share successful practices with other forward-thinking educators, and
- Catalyze change in public schools.

Core Values

Purposefulness: Deliberate action, focused on the organization's goals and priorities
 Collaboration: Working collectively to accomplish more than what is possible alone
 Ownership: Individual and group accountability for results, actions and decisions
 Quality: Commitment to excellence and the discipline to continually improve
 Customer Service: Responsiveness to the needs of external and internal customers

Golden State College Preparatory Academy is a safe, caring, academically rigorous and inspiring learning environment where students develop the skills, knowledge

and traits to become college-educated leaders in their communities.

The School's mission is to provide all students with an exceptional education that will allow them to excel inside and outside the classroom. The School seeks to achieve this mission by providing students a rigorous core curriculum, a well-trained staff, high standards and expectations, extended instructional hours and support, personalized learning opportunities, and early access to college-preparatory experiences. By ensuring students become voracious, self-motivated, competent and lifelong learners, the School will prepare them not only for college but also for the 21st Century world.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven (School Year 2016-17)

Subject	Percentage of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts / Literacy (grades 3-8 and 11)	31%	42%	33%	35%	48%	48%
Mathematics (grades 3-8 and 11)	14%	25%	27%	28%	36%	37%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

English Learners	216	215	99.54%	32.56%
Students with Disabilities	35	34	97.14%	--
Students Receiving Migrant Education Services				
Foster Youth				

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2017-18)

This is Aspire's Guarantee to Parents:

At any Aspire campus, parents can expect:

- A demonstrated improvement in their child's academic performance;
- An open invitation to attend their child's classes;
- Easy, open communication with their child's teacher
- The opportunity to rate the performance of teachers and the school annually; and
- Eligibility to serve on the school's governing body, the Advisory School Council.

The School recognizes that children learn best when parents are engaged in their education. To help parents and guardians become great coaches for their children, and to invite parent participation in all aspects of school life, the School features:

- Special Saturday classes: Scheduled at the beginning of the year, these three mandatory half-day sessions allow parents to attend school with their children.
- Participation in school decision-making: Aspire includes parent representatives on the Advisory School Council and parent participation on the school's Teacher Hiring Committee.
- Opportunities to evaluate the School and its staff: Each spring, parents are asked to complete a survey evaluating the School, the principal, and their child's teachers. The survey results are reviewed by the School staff as well as Aspire's Home Office and are a factor in personnel decisions such as merit raises.
- Regular communication about student learning and behavior: parents, students and teachers meet at least twice a year during Family Conferences to plan and assess the students' learning progress and determine goals. In addition, the School staff will call parents regularly, both to provide positive reinforcement for academic growth and to inform parents when students make choices that do not match the School's behavior and academic expectations.

In addition, the School tries to create ways for families to invest some time in volunteer service each year. The School provides a variety of opportunities to match with different skills and interests. Examples include helping in classrooms, leading extra-curricular activities, coaching sports teams, assisting with event planning, attending field trips, attending ASC meetings, serving on parent committees, fundraising, and communicating with other parents.

Advisory School Council

Aspire encourages all groups to participate in and share responsibility for the educational process and educational results. The School has a recently-formed Advisory School Council ("ASC"), which meets occasionally as needed, and consists of teachers, parents, and the School Principal. The School's ASC is intended to assist in developing School policies, engaging the community, and fulfilling certain compliance requirements related to state and federal funding. The ASC may make recommendations about issues related to the School and participate in reviewing parental and community concerns. If necessary, the principal is responsible for communicating all ASC policy recommendations to the Aspire Board of Directors.

School Safety Plan (School Year 2017-18)

It is the policy of Aspire Public Schools ("Aspire") to strive for the highest safety standards and to provide a safe workplace for all employees and a safe school for all students. Aspire has developed a comprehensive Injury and Illness Prevention Program ("IIP Program") to achieve this end. The goal of this program is to minimize the frequency and severity of employee and student accidents and to comply with the laws and regulations that pertain to our operations. The program has been designed to eliminate physical hazards from the work and school environment and train all employees in safe work practices.

ASSIGNMENT OF RESPONSIBILITY

Aspire Principals have the ultimate responsibility for the implementation and enforcement of the IIP Program at their school site. Aspire Office Managers are responsible for the record keeping and coordination of the safety training programs at their school site.
 Employees - It is the responsibility of all Aspire employees to bring any unsafe actions, practices, or conditions to the attention of his/her manager or supervisor.

DISASTER PLANS

Disaster plans are located in each classroom. Each plan is site and classroom specific and covers such disasters as fire safety, earthquake safety, flood, severe weather warnings, electrical failure, gas line problems, water main breaks, water contamination, chemical spills, lockdown/shooting incidents, bomb threats, explosions, and intruders.

The school safety plan was reviewed, updated and discussed with faculty in August 2016.

Professional Development

Aspire is committed to the professional development of all of its team members. Once teachers are hired, Aspire invests in their continued professional development. Teachers new to Aspire participate in 1-2 weeks of summer training to build classroom management skills, increase their capacity to plan meaningful and engaging lessons, and practice specific Instructional Guidelines that are core to the Aspire education program, and then receive on-going coaching support from a variety of individuals to reinforce and deepen their training. The School Principal, in his/her capacity as instructional leader, provides on-site coaching to all teachers. Teachers are organized into teams, led by an experienced "lead teacher" who has the skills to mentor others. Teachers are given time during the regular school day to collaborate and support each other to reach the Schools' and individual students' learning goals, including common preparation time through use of Integral Subjects (e.g. music, Spanish) and early release days on Fridays. Aspire also has instructional coaches who travel between school sites to provide additional support, give one on-one consultation, and conduct school-based professional development sessions. Instructional coaches also guide experienced educators in their application for certification from the National Board for Professional Teaching Standards. In addition, Aspire conducts one or two regional training sessions in areas identified as system-wide weaknesses.
