## 2019–2020 School Accountability Report Card

[Translation Disclaimer](#)

# School Accountability Report Card

## Reported Using Data from the 2019–2020 School Year

### California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## **About Our School**

It has been an honor to serve Ben Holt Middle School as a principal for the past three years. I am extremely passionate about the work that we do at Aspire and the way in which we serve students and families. The Ben Holt community is a place where students work hard to apply themselves and succeed at high levels. BHM is also a place where families are involved in their child's educational experience.

As a life-long learner, I myself am a first generation college student and I am passionate about Aspire's vision and mission. I have overcome many life obstacles in order to become a college graduate and an educator. My life's story is the Aspire story and I am thankful to work and serve in an organization that helps students overcome societal and generational barriers. Before BHM, I was a

principal resident at BHA for one year, taught for 10 years in Stockton Unified/Aspire Schools, and worked in Compton Unified School District as a coach for 3 years. I love helping people better their lives through thinking critically through education.

I look forward to partnering with each of you as we strive each day to live out the Aspire core values: Purposefulness, collaboration, ownership, quality, and customer service. I recognize that middle school can signal feelings of both excitement and apprehension, and I thank you for entrusting our staff with your most precious possession, your children. We do not take our responsibility lightly in ensuring your child with an experience that is engaging, safe, and nurturing, and we are thrilled for the next leg in your child's academic journey.

May we all commit to making greater efforts towards communicating with each other. If I can ever be of assistance, please email or call me. Thank you for choosing Ben Holt Middle School.

With great positivity and gratitude,

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

English Language Arts / Literacy (grades 3-8 and 11)	61.0%	N/A	45.0%	N/A	50%	N/A
Mathematics (grades 3-8 and 11)	47.0%	N/A	34.0%	N/A	39%	N/A

Note: Cells with N/A values do not require data.

Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019–2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

### Opportunities for Parental Involvement (School Year 2020–2021)

#### Family and Community Involvement

Aspire encourages all groups to participate in and share responsibility for the educational process and educational results. In order to achieve this important end, the School plans to share local control with an Advisory School Council (“ASC”), consisting of family and school representatives. Each school’s ASC may participate in developing school policies and share in efforts to engage the support of the community. The ASC may make recommendations about issues related to the school and participate in reviewing family and community concerns. The ASC will consist of representatives of the following parties: the principal, teachers, and family members. The principal is responsible for communicating all ASC policy recommendations to the Aspire Board of Directors. In short, Aspire’s Board of Directors oversees issues related to Aspire schools in general, while the ASCs focus on the day-to-day concerns of each respective Aspire school.

### Additional Opportunities for Family Involvement

Families, students and teachers meet at least twice a year to plan and assess the students' learning progress and determine goals

Exhibition Panels – families may sit on panels to judge student work

School and Staff Evaluations – families fill out a survey each year evaluating the strengths and weaknesses they identify with the program at the School

Student-led Conferences – students will lead conferences on their work during the year to keep their families informed

Volunteer Opportunities – various opportunities will arise for families to volunteer, such as helping in classrooms, leading extra-curricular activities, assisting in event planning, attending study trips, and serving on family committees

Fundraising – families and community members may work with the school to raise additional resources to support students and the school program

Families interested in participating or learning more about our parent involvement opportunities can contact our school's main office at (209)437-9899 for additional information.

Aspire Board of Directors Meetings – families and community members are welcome to the Board meeting. In compliance with the Brown Act, Aspire posts the agenda for Aspire Board of Directors meetings at least 72 hours prior to the meeting.
