## 2019–2020 School Accountability Report Card

[Translation Disclaimer](#)

# School Accountability Report Card

## Reported Using Data from the 2019–2020 School Year

### California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Celinda Guerrero, Principal

- Principal, Aspire Junior Collegiate Academy

## About Our School

---

Dear JCA Family,

It is with great pleasure and excitement that I welcome you to the 2020-2021 school year. I am Celinda Guerrero, principal for Aspire Junior Collegiate Academy. I am honored to be part of the JCA family that is full of amazing parents, students and staff. Every single person on this campus exhibits many qualities that combined make the JCA campus thrive in its community. I would like to tell you a little bit about myself. I received both my Bachelors and Masters from California State University, Long Beach. I have been in education for 14 years as a classroom teacher, interventionist and Principal. This will be my 15th year in education. I have been a part of the Norwalk-La Mirada Unified School District and the Aspire Public Schools organization. My husband and I have three beautiful children. All three of my children attended an Aspire elementary school. My goal for them is the same for my students; to try their best and understand that all things are possible with a good education. As I begin this new school year as your Principal, I want to say that I am privileged to have the opportunity to serve the Jet family. My focus will be the academic success of the students by focusing on data to drive our instruction in order to meet our student needs. I will also be focusing on building our school culture and student character in order to promote a positive school environment. I am excited to build an even stronger relationship among the JCA community. I will make sure that each and every student feels safe and cared for, that every parent is heard and that all staff is represented in a positive way.

My door is open to all and I look forward to meeting and serving all of you.

Respectfully,

Celinda Guerrero

Aspire Junior Collegiate Academy

Principal

**School Description and Mission Statement (School Year 2020–2021)**

School Description: Aspire Public Schools is a national non-profit 501(c)(3) public benefit corporation that operates high performing charter schools that focus on preparing urban students for college. Aspire currently operates charter schools

at 40 different campuses in various school districts in the state of California.

Aspire Junior Collegiate Academy is a TK-5 grade school in Huntington Park within the Aspire Public Schools network. Aspire Junior Collegiate Academy opened in 2007.

Vision: Every student is prepared to earn a college degree.

**Mission Statement:**

To open and operate small, high-quality charter schools in low-income neighborhoods, in order to:

1. Increase the academic performance of underserved students
2. Develop effective educators
3. Share successful practices with other forward-thinking educators, and
4. Catalyze change in public schools.

The School's mission is to provide all students with an exceptional education that will allow them to excel inside and outside the classroom. The School seeks to achieve this mission by providing students a rigorous core curriculum, a well-trained staff, high standards and expectations, extended instructional hours and support, personalized learning opportunities, and early access to college-preparatory experiences. By ensuring students become voracious, self-motivated, competent and lifelong learners, the School will prepare them not only for college but also for the 21st Century world.

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2018– 2019	School 2019– 2020	District 2018– 2019	District 2019– 2020	State 2018– 2019	State 2019– 2020
English Language Arts / Literacy (grades 3-8 and 11)	36%	N/A	40%	N/A	50%	N/A
Mathematics (grades 3-8 and 11)	44%	N/A	30%	N/A	39%	N/A

Note: Cells with N/A values do not require data.

Note: The 2019–2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019–2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

### Opportunities for Parental Involvement (School Year 2020–2021)

The school recognizes that children learn best when parents are engaged in their education. To help parents and guardians become great coaches for their children and to invite parent participation in all aspects of school life, the school provides various features. Parents are important partners in the education of the students, and their input and involvement are sought and highly valued:

1. An open invitation to attend their child's classes.
2. Easy, open communication with their child's teacher.
3. Proactive communication through various ways: the school sends out ParentSquare messages, weekly newsletters, flyers, Robo-calls, and agendas for all parent meetings which are posted a week in advance through ParentSquare.
4. Opportunities to evaluate the School and its staff: Each spring, parents are asked to complete a survey evaluating the School, the principal, and their child's teachers. The survey results are reviewed by the School staff, as well as Aspire's Leadership, and are a factor in personnel and instructional decisions.

5. Regular communication about student learning and behavior: parents, students, and teachers meet at least twice a year during Student Led Conferences to plan and assess the students' learning progress and determine goals. In addition, the School staff will call parents regularly, both to provide positive reinforcement for academic growth and to inform parents when students make choices that do not match the School's behavior and academic expectations.

In addition, the School creates ways for families to invest some time in volunteer service each year. The School provides a variety of opportunities to match different skills and interests with needs. Examples include helping in classrooms, leading extra-curricular activities, coaching sports teams, assisting with event planning, attending field trips, attending various parent meetings (parent workshops, coffee with the principal, SSC), serving on parent committees (such as ELAC and SSC), and communicating with other parents.

School Site Council: Aspire encourages all groups to participate in and share responsibility for the educational process and educational results. The School has a School Site Council ("SSC"), which meets regularly, and consists of teachers, parents, and the School Principal. The school's SSC is intended to assist in developing and reviewing school policies, engaging the community, and fulfilling certain compliance requirements related to state and federal funding. The SSC may make recommendations about issues related to the School and participate in reviewing parent and student concerns, community issues, and special projects.

**School Safety Plan (School Year 2020–2021)**

It is the policy of Aspire Public Schools (“Aspire”) to strive for the highest safety standards and to provide a safe workplace for all employees and a safe school for all students. Aspire has developed a comprehensive Injury and Illness Prevention Program (“IIP Program”) to achieve this end. The goal of this program is to minimize the frequency and severity of employee and student accidents and to comply with the laws and regulations that pertain to our operations. The program has been designed to eliminate physical hazards from the work and school environment and train all employees in safe work practices. Aspire Principals have the ultimate responsibility for the implementation and enforcement of the IIP Program at their school site. Aspire Office Managers are responsible for the record-keeping and coordination of the safety training programs at their school site. It is the responsibility of all Aspire employees to bring any unsafe actions, practices, or conditions to the attention of his/her manager or supervisor.

Students are responsible for their own actions and will have to abide by the consequences, both positive and negative, of those actions. Students are held accountable for their behavior in school and during any school-sponsored activity. The staff are responsible for positive reinforcement, consistency, and modeling appropriate behavior, in particular through Positive Behavior Intervention and Supports.

Through Restorative Practices, students learn to be effective decision-makers and problem-solvers who demonstrate elements of self-direction, responsibility, and self-discipline. This entire process is built on respect with every adult and student viewed as a person who has dignity and worth as an individual. Each school will be a safe and orderly place for our students to receive a quality education. Our students also create Safety and Respect agreements in their classroom that they follow throughout the year. Our school also has school-wide safety and respect agreements that are adhered to across the campus.

DISASTER PLANS – School Safety Plans are written and revised annually, and disaster plans are located in each classroom. Each plan is site and classroom specific and covers such disasters as fire safety, earthquake safety, flood, severe weather warnings, electrical failure, gas line problems, water main breaks, water contamination, chemical spills, lockdown and shooting incidents, bomb threats, explosions, and intruders.

Monthly drills include fire, earthquake, shelter in place, intruder, etc. All drills are held in synchronization with LAUSD Early Education Center as they are on the same site. Debriefs and discussion to improve follow each drill. The School Safety Plan was reviewed, updated, and discussed with faculty in August 2020.

**Types of Services Funded (Fiscal Year 2019–2020)**

Meal Program – As of the 2019-2020 Academic school year, our school is following Provision 2 under the National School Lunch Program. All students receive nutrition and lunch at no charge to them.

Academic Intervention Program- JCA uses data, teacher, and parent information to identify students who are in need of academic intervention. Students who are identified as struggling go through the SST (Student Success Team) process. The process is led by the Dean of Instruction and the students receive interventions from instructional aides.

The counselor supports- JCA has a full-time General Education Counselor. The counselor provides individual and group support to students; these supports include individual counseling, social-emotional behavioral (SEBL) groups, skill-building groups focused on empathy, diversity, and inclusion as well advisory lessons on bullying and bullying intervention skills and parent outreach workshops supporting families with student emotional support.

Parent Engagement- JCA has a full-time Parent Coordinator. The parent coordinator focuses on supporting the relationship between the school and families. The parent coordinator supports all families and in addition, is supporting the relationship with parents of subgroups such as Students with disabilities and English Learners. The engagement includes supporting parent workshops, translation, learning opportunities, and increasing parent participation on site.

Inclusive Special Education program- JCA has two full-time Education Specialist who serves our students with disabilities. The education specialist provides instruction with the appropriate accommodations to students with disabilities in the general education setting. The education specialist case manage the student's IEPs to ensure students are receiving the appropriate services as stated on their IEP.
